

BUCKET BOYS

CD „TWENTYFIVE“

(BOGEYMAN MUSIC, BM-1620)

„twentyfive years of desert and dust“

25 years on the road and live on stage, producing albums, film-music and realizing many other projects ... isn't this the right time to release a „best of“-compilation? Shouldn't this be the moment to stop for a while, to rest, to have a look back?

YES and **NO**.

The new album of the **BUCKET BOYS**, released in december, offers the best of both worlds. Looking back and forward. Six songs give a little view into the past – only six from over 230, a musical journey through the world of the last 14 albums.

But the **BUCKET BOYS** are not the band to stand still:

Six new songs complete **TWENTYFIVE**. Six new views inside the misconceptions and confusions of human being – between backyard-romance and longing, dirty passion und dusty desert-flair

“Twentyfive” is distributed by TIMEZONE (Osnabrück/DE), worldwide available on iTunes, Amazon, Google Play, Spotify ...
